Price:

1.00 Dollar US\$

Phoenix Contact DIN Rail Power Supply QUINT-PS/1AC/24DC/ 5 - 2866750

Turn to this DIN rail power supply from Phoenix Contact when you want a PSU that's proactive on troubleshooting. A preventative monitoring feature warns you if the PSU enters a critical operating state. This helps you act quickly to prevent equipment failure and avoid system downtime. With the unit's convenient pluggable screw terminals, you get the benefits of robust screw connections and the improved accessibility of a removable plug-in module. LED indicators also help keep you up-to-date on how the device is working. Thanks to its universal inputs and stable output voltage of 24V DC ($\pm 1\%$), this versatile unit is handy for use with battery-boosted applications. You can even tweak the output further to suit a specific application, as it's adjustable from 18 to 29.5V DC.

Features & Benefits

- Safe from EMI, as indicated by EMC Directive 2014/30/EU approval
- Resists shock and vibration according to IEC 60068 for use near moving machinery
- Selective fuse-breaking balances safety protections against preventing system downtime
- Mean time between failures of more than 635,000h at +40°C) according to IEC 61709, so
